How to Support Students with Sensory-based Interventions and Wellness Initiatives

Webinars in February 2024

Tuesday, February 6, 2024

1:30 pm EST

Reset! Students need space to relieve stress, manage emotions and renew focus. We'll demonstrate how schools can design sensory rooms, calming corners and wellness areas to reduce anxiety and aggression. Led by Rachel Nusbaum, Sensory Room Designer at Fun and Function.

Wednesday, February 14, 2024

1:30 pm EST

Improving student focus and behavior requires a strategy. Using real-life examples, we'll share how to identify the underlying challenges, set measurable goals for sensory-based interventions, and assess progress. Led by Rivkie Berger OTR, Sensory Coach at Fun and Function.
