

Discovery Putty®

Activities!

- ✓ Fine Motor Skills
- ✓ Self Regulation
- ✓ Visual Motor Integration
- ✓ Speech

1 Hide all the pieces in the putty, and find them again.

2 Time yourself and see if you can beat your own record.

3 Tell a story using the pieces.

4 Describe each piece in a sentence.

5 Organize the pieces by shape or color or use.

6 Identify first, middle or end sounds of the piece using a letter sound board.

7 Describe each piece before you hide it.

8 See if you or a friend can recite the names of each piece from memory.

9 Share which is your favorite piece and why.

10 Press the putty like pizza dough. Pinch in the pieces.

11 Make two round balls of putty. Squeeze in each hand 3 times.

12 Break the putty into small pieces like confetti. Roll it together again.

13 Roll the putty into a snake shape. Turn it into a triangle shape.

14 Stamp letters on the putty to form words.

15 Smooth the putty, and press a small object against it. Ask your friend to guess what it is.

16 Form a donut shape. Slide it past your fingers around your wrist.

17 Grab the putty in your palm and squeeze all your fingers into it.

18 Knead the putty and make bread or cookie shapes.

19 Flatten the putty and press each finger to make a fingerprint.
